GUIDE:

THE PROCESS OF SIGNING A DONATION AGREEMENT

v.20231221

Dear our future Benefactors, SoundBloqs: International Community of Authors and Artists offers to make a charitable donation to our projects. For your convenience, we have compiled a real GUIDE: THE PROCESS OF SIGNING A DONATION AGREEMENT, which will help speed up the start of our cooperation.

IMPORTANT: Making a funds transfer, you accept the Public Offer.
INFO: To receive the details for the transfer of the Donation, as well as for any other questions, please contact us via Feedback form or through the MailBox message service.

THE PROCESS OF SIGNING A DONATION AGREEMENT

1. The Benefactor sends the text of the request via the Feedback Form on the website. When making a request, the Benefactor indicates his legal (official) name, surname, company name, position, as well as the official e-mail address of his legal entity.

FOR INFORMATION: Write a Request in a free form. The main thing is that it reflects the following points:
a. first name, last name and position (representative) of the company;

more ->

b. the name of the company, the country of company registration;
c. the amount of the donation, in which currency or cryptocurrency.

Further... ehe request is sent to the official e-mail address of the Beneficiary.

2. The Beneficiary, based on a Request from the Benefactor, sends a draft donation agreement from his official e-mail address to the address (specified during the request) of the Benefactor.

3. The Benefactor fills out the Donation Agreement, puts his signatures and sends, a fully completed, Donation Agreement from his e-mail address indicated earlier in the Feedback Form (ONLY from IT) by a reply letter to the Beneficiary.

4. The Beneficiary checks the completion of the Donation Agreement, puts his details, signatures (and passport photos if necessary) and sends the FINAL version of the Donation Agreement to the Benefactor, which is presented at the place of demand.

Done! The Donation Agreement has been signed.

IMPORTANT POINTS

IMPORTANT #1: The Beneficiary, in order to preserve financial assets, recommends sending SWIFT transfers in Chinese yuan (code ISO: CNY) or the MakerDAO stablecoin cryptocurrency blockchain (DAI (ETH Token)).

IMPORTANT #2: The personal data that the Benefactor indicated in the Feedback Form at the first request is used to draw up an official Donation Agreement. Therefore, it is necessary to coordinate in advance the OFFICIAL name, surname, position in the company, e-mail address, as well as the amount and unit of donation in the Benefactor company.

IMPORTANT #3: Scanned copies of passports (of both Parties) are attached to Donation Agreements ONLY when working with SWIFT transfers.

IMPORTANT #4: Do not send donations until you receive the final version of the Donation Agreement signed by both Parties.

IMPORTANT #5: The Donation Agreement can be checked by the regulatory services for its origin. Therefore, it is important for both Parties to the Donation Agreement to

more ->

adhere to official correspondence through the Feedback Form and correspondence from official e-mail addresses.

The basic rules of e-mail correspondence:
a. the ENTIRE chain of letters must be saved in the correspondence;
b. the letter should be answered ONLY through the REPLY;
c. do not start new "branches" of letters and do not change the SUBJECT of the first letter, that came after the Request from the Beneficiary.

IMPORTANT #6: Donation Agreements can be checked for compliance with anti-corruption and anti-terrorism laws. Therefore, all actions of the Parties to the Donation Agreement should be carried out ONLY on behalf of officially confirmed legal entities (name, last name , position in the company, company name, phone number, e-mail address, passport details, bank account details, etc.). The parties must provide each other with official phone numbers that may be needed for bank employees and regulatory services.
It is important to understand that all correspondence is recorded on the servers of the e-mail provider, an official log is created about the time, dates and contents of letters, which, upon request from the bank and/or checking services, can be provided by the e-mail provider.

more ->

IMPORTANT #7: The Beneficiary is a law-abiding legal entity, acting legally on the basis of a Donation Agreement and a Public Offer. The Beneficiary pays taxes on all donations.

IMPORTANT #8: The Benefactor confirms that he is officially acting in the person of a registered law-abiding company and, before sending the donation, fully agrees with all points of the Donation Agreement and the Public Offer posted on the website of the Beneficiary.

***

Dear our Benefactors, this GUIDE has been tested in real life. If you want us to achieve a positive result together and be satisfied with our cooperation, we ask you to adhere to these recommendations, and if a situation occurs that is not spelled out in this text, we ask you not to take ANY steps yourself, take a break and coordinate with us further steps of action.

***

THANKS FOR HELPING OUR PROJECTS
